Kit Check, Declaration and Safety Rules

Competitors are required to carefully read the whole of this sheet and then present it, duly signed by all competitors, at registration.

Each individual and team is responsible for being properly equipped for a day unsupported racing on the trail in inclement weather. This Kit List should be seen as a minimum requirement only. Check the weather forecast, use your previous experience and common sense to select the kit you should be wearing and carrying. The organisers reserve the right to disqualify any competitors who in their opinion do not have the necessary kit to survive in an emergency situation.

Any decisions to reduce the amount of kit you need to carry (e.g. in exceptionally warm weather) will be posted at Registration on Saturday morning.

PERSONAL SAFETY – IN THE EVENT OF ACCIDENT OR INJURY THE NORMAL CODE OF MOUNTAIN SAFETY APPLIES

1. Never allow the pressure of competition to override your judgement. The decision to start is yours and the decision to pull out must be yours.
2. In the event of accident or illness use all available aids and seek assistance. You should use your mobile phone if you are carrying one, to call for assistance. If you are riding as a team your partner is your first point of aid in case of trouble. The buddy system can be invaluable in checking for temperature related medical conditions (i.e hypothermia, heat exhaustion). Stay with your partner whenever possible, the only exception is in the case of an emergency when you have no mobile phone and you judge the appropriate action to take would be to leave a partner in a warm safe environment to seek help from others. Give assistance to other injured competitors.
3. In case of retiring, you must make contact with OMM Event HQ directly, preferably in person, or else using the telephone number printed on your map. Do not contact the police to report your retirement. Only contact them in a genuine 999 emergency.
4. It is your responsibility to get off the hill and to let the event organisers know you are safe. If you have not checked in by 17:00hrs on each day you WILL be searched for.
