Tennis who retired on the first day, before reaching the midway camp are not recorded

SUMMARY: 208 Teams Entered - 178 Started - 157 Finished - 22 Teams were Retired or Disqualified.

Congratulations to Carol McNeill and Wendy Dodds, who, in taking the women's team prize so adequately demonstrated their right to contest this class of competition. Their time was only just outside the estimated winning time of 10 hours.

The Veterans handicap was won by Richard Mackay (44 years) and Jack Bloor (52 years) whose allowance of 9 minutes per hour gave them a 12 minute margin over their rivals - John Dingley and Chris Braisher, who with a combined age of 99 years had been considered the handicap favourites.

CLASS 'B' RESULTS: Distance 51 kilometres - 8,300 Feet of Ascent

K.I.M.M. Dates for 1979

NORWAY The second Norwegian K.I.M.M. will be staged on 4th/5th August, 1979. There will be a new 40,000 scale map of the high plateau - north east end of the Hardangervidda. As in 1978, a special package five day trip will likely be available through Waymark Tours Ltd.

SWITZERLAND The fourth Swiss K.I.M.M. will be staged on the 11th/12th August, 1979, the weekend following the Norwegian event - How many marathoners can do the double?

The 12th annual K.I.M.M. (British Style) will be held on the weekend of 27th/28th October, somewhere in Wales. Again a new 40,000 photo-grammetric map will be produced, embracing an area of challenging and complicated terrain, which is reported to be in marked contrast with the hills of Howgills or Peebles. Entry forms for the event will be sent out to all who competed at Peebles.

Martin Dean & Chris Hirst - Winners 'A' Class.

Marathon Maps - Howgills '77 and Peebles '78, plain or overprinted with the controls, with a plastic case, are available from Harvey Map Services Limited, 1, Calderwood Place, Dunblane, Scotland, FK15 9AW, priced at 70p for the Howgills and 90p for the Peebles edition.

With some 16 pages of competitors names, making-up this results paper, I feel it would be incomplete without making a reference to the officials by name. We should show our appreciation to all the workers who made this event possible. Inevitably there will be some omissions but from the records to hand, here are some of the men and women who offered their services to ensure the success of the event - the people who were referred to in the opening paragraph of the report - the marathon heroes:-
